Centennial Board

Seated left to right: Betty DeVore, Betty Brown, Betty Osborne, Phyllis Bales, Secretary; Jacque Baer, Treasurer; Standing: Charlotte Scott, Bob Wolfe, Bob Gibson, Harold Ponder, President; and Paul Willey.

After two January meetings at the junior high school's lunch room ten people started with a goal for a centennial. It was, have something for everyone and hold the costs to a minimum. This was all the knowledge about centennial planning we had, with everything else to be learned as we went along. There were many long straining board meetings. At times patience and understanding for other views were less than what it could have been.

No outside planners were hired, all parade entries came on their own, and everyone participated because they wanted to. The people of the Hammond area made this centennial what it was. Thanks!, all of you, for again making Hammond, "The Best Little Town In The Cornbelt."

VILLAGE OF HAMMOND

Piatt County
Hammond, Illinois

Friends of our Community:

On behalf of the Village President and the entire Board of Trustees, we would like to extend our personal thanks for a job well done. It was gratifying to personally observe what a small community the size of Hammond can really accomplish when the efforts of all were combined to make our Centennial an overwhelming success.

A special thanks is deserving to each property owner for their part in the final manicure to their property during the Centennial week-end.

Very truly yours,

THE WHITE HOUSE
WASHINGTON

July 19, 1973

TO THE CITIZENS OF HAMMOND, ILLINOIS

The observance of your 100th anniversary is an occasion of deep pride for you, the State of Illinois, and for our nation.

Three years from now America will celebrate its 200th anniversary. What kind of nation we will be, what kind of a world we will live in will be determined by the actions and choices of communities like Hammond. You have a rich heritage and exciting prospects for the future, and I know you can be counted on to take the best of the past -- and build on it in a way that will make all Americans proud.

Congratulations and best wishes to each of you.

A handwritten signature in dark ink, appearing to read "Richard Nixon". The signature is fluid and cursive, with the first name "Richard" and last name "Nixon" clearly distinguishable.

Mary Kay Helfrich Randall

We would like to give special recognition to the designer and artist of our Centennial Seal.

It was her own original idea and she produced it in a few days notice. This seal has been used on signs, history books, charms, key chains, coasters, floats, coins (both silver and bronze), cakes, etc.

Thank you Mary Kay for sharing your talent with us and making this a part of history to our "greatest little town in the cornbelt."

**Paul and Juanita Fleener
OFFICIAL CENTENNIAL
PHOTOGRAPHERS**

At this time we would like to give a special tribute and a big thanks to Paul and Juanita.

You have done an outstanding job in covering our centennial year events and especially for the three day celebration coverage.

It must have been a hectic, nerve-wracking and strenuous job to be two places at once. The parade coverage and pictures are excellent.

Our hope is that it was as rewarding an experience for you as it is for us as we assemble this scrapbook. For without the pictures, this scrapbook would be nothing.

The Belles held an Ice Cream Social for the community, but Fleeners weren't able to take pictures for this occasion as they had previous commitments. We had another party

take pictures and they were either lost in printing or the camera wasn't working properly, therefore we have no pictures of this and for this we are sorry.

Talent Show

As a joke Mrs. Bob (Frances) Traxler wrote Mr. Roberts, WCIA Weather Man, about nice weather for our Centennial. This is his reply.

A MEMO FROM

MR. ROBERTS

July 24, 1973

Dear Mrs. Traxler

Bad as the weather was for the Arthur Fair, it could have been worse with the storms we have had this week

Unfortunately, there is little I can do about such matters, for I am in Sales-- and HE is in Management!

Mrs. Roberts and I have been invited to the theatre at Sullivan next Saturday, and I am afraid that I won't be able to attend the Hammond Centennial unless our hosts can be persuaded to make a small detour. If I can, I'll look you up. Thank you for inviting me.

At present, the forecast indicates that the showers and thunderstorms should be ending Friday, and Saturday should be free of rain.

Best wishes,

Mr. Roberts
WCIA Weather

Rod Nicholls

Mrs. Traxler also wrote the following song for Rod & Hammondites. Tune--This Land Is My Land.

OUR TOWN

This town is your town
This town is mine,
From the old red crib
To the County line
It's stood a century
It'll stand one more,
And go right on
As it has before.

It knew our Grandads
They saw it begun,
And now it's run
By the great grandsons,
Shake hands with your
Neighbor
The one on your right
And say I'm glad
I'm a Hammondite

The following newspaper clipping was turned in to the committee, and we thought it might interest some of our youngsters in just how you might have earned a little spending money a few years ago.

"On Friday afternoon we interviewed H. W. Silver regard-

ing how he made his first money. He tells us that he and his brother, Paul, were employed by F. W. Taylor, who had the contract for tearing down and rebuilding the B. Y. Vanhook property which is now occupied by Phil Greenwood and family. The Silver boys, then 8 and 10 years old, were employed to clean lath and bricks. They received 10 cents per hundred for their work."

If you think it's hard to get your education and graduate these days, you haven't heard anything yet.

THE GRADUATES

In 1920 Hammond High School held graduation exercises for the class completing it's two year course. In 1921 it graduated many of this group from it's newly formed three year course. To complete a four year high school course it was necessary to attend a larger high school. Four area residents have the honor of graduating three times to finish their high school education. They are Flossie Helfrich, Grace Broyles Moberly, Maud Eskridge Ponder and Lewis Moberly.
